(June 21st, 2024) - Following a short string of shows commemorating the 10th anniversary of his acclaimed album *Piñata* with Madlib, Freddie Gibbs is extending the celebration to the legendary Greek Theatre in Los Angeles on October 5th. Accompanied by El Michels Affair band, known for their collaboration with Freddie and Madlib on [NPR's Tiny Desk Concert](#), the duo will headline the event alongside Pink Siifu and other yet-to-be-announced special guests. Since its release in 2014, *Piñata* has garnered widespread acclaim, earning placements on year-end lists by Billboard and Rolling Stone, solidifying its legacy as one of the defining rap albums of the 2010s.

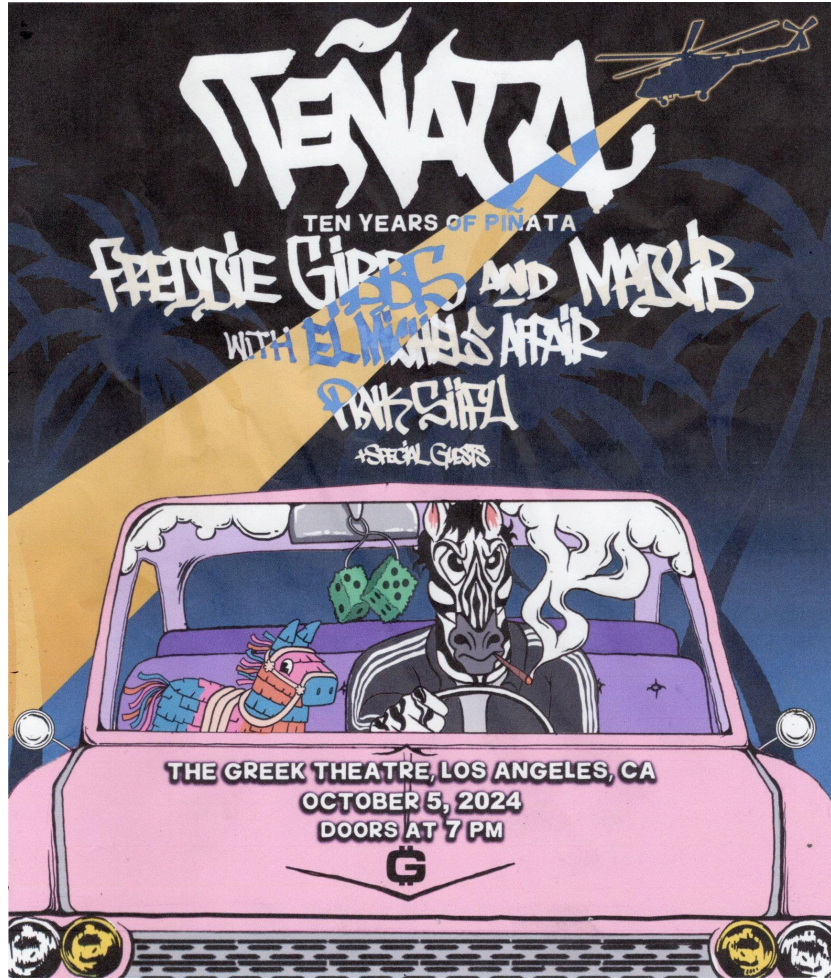

The recent *Teñata* shows in Boston, New York City, and Chicago included surprise guest Clairo, who joined El Michels Affair band for backup vocals and the tambourine. Additionally, opener Pink Siifu brought out guests such as Armand Hammer, Quelle Chris, and Iojii. If this is any indication of

Freddie's highly praised performances, the upcoming Greek Theatre show is sure to be special. Tickets go on sale today at 10am PST and can be purchased [here](#).

Released in 2014, *Piñata*, the first collaborative album of Freddie Gibbs and producer Madlib, weaves a tapestry of gritty storytelling and soulful beats. Gibbs' raw lyricism delves into the realities of street life, providing a vivid narrative that resonates with authenticity. Madlib's production, characterized by its intricate sampling and jazzy influences, creates a dynamic backdrop for Gibbs' verses. Gibbs is joined on *Piñata* by Mac Miller, Earl Sweatshirt, Raekwon, Scarface, Domo Genesis, Ab-Soul, and a host of others in setting his soliloquies of the streets alongside film snippets and dusted funk, soul and prog musical tapestries.

With a discography boasting over 20 mixtapes, eight EPs, four solo albums, and four prominent collaborative records, Freddie Gibbs has left an indelible mark on the music scene. Notably, his collaboration with The Alchemist on *Alfredo* earned him a 2021 GRAMMY nomination for Best Rap Album. Most recently, Gibbs celebrated over 15 years of his illustrious career with the release of *\$oul \$old \$eparately*, his first major-label record. Beyond music, he has ventured into acting, starring in the feature film *Down With The King* and making appearances on TV shows like *Bust Down* (Peacock) and 50 Cent's *Power Book IV: Force*.
